*Containing the freshest Advices Foreign and Domestick.*

*By the Honourable* WILLIAM BULL *Esq; Lieutenant Governor and Commander in Chief of his Majesty's Province of* South Carolina.

## A PROCLAMATION.

WHEREAS his most sacred Majesty, to vindicate the Honour of his Crown and Dignity, and to procure Satisfaction for the many Insults and Barbarities committed by the *Spaniards* against his injured Subjects, has been graciously pleas'd to declare War against the King of *Spain*, and to give Notice of the same to all his loving Subjects to be upon their Guard.

AND as this Province for many Years past, has suffered and felt the ill Effects of repeated Injuries, Murders and other Cruelties, by the Procurement, Direction, Encouragement and Assistance of the Government of St. *Augustine*, which being represented to the King, his Majesty has been graciously pleased to provide for our Security and Defence, by ordering a Number of Ships and warlike Stores for taking that Castle, being the most effectual Means to defend these Frontier Parts of his Dominions, and prevent the like for the future: Towards which Undertaking, the good People of this Province have chearfully and largely contributed their Assistance.

BUT as all human Endeavours are insufficient without the Support and Blessing of Almighty God; I have therefore thought fit by and with the Advice of his Majesty's Honourable Council, to issue this my Proclamation, to give Notice, that I have and do hereby appoint and set a part Wednesday the *Twenty-eighth* of this Instant, to be observed and kept a Day of Fasting and Humiliation by the several Ministers and their Congregations throughout this Province, to implore the Blessing and Assistance of Almighty God in our Endeavours against his Majesty's Enemies.

*GIVEN under my Hand and the Great Seal of the said Province, at* Charlestown, *the* Thirteenth *Day of* May, Anno Domini *One Thousand Seven Hundred and Forty, and in the* Thirteenth *Year of His Majesty's Reign.*

*By his Honour's Command,* WILLIAM BULL.

Wm. Freeman, *Dep. Secr.*

GOD SAVE THE KING.

*Charlestown, June* 7. Wednesday the 28th of *May* last, pursuant to his Honour the Lieutenant Governor's Proclamation, was observed throughout this Province as a Day of Humiliation, Fasting and Prayer, to depreeate the Calamities of War, and to implore the Divine Protection and Favour; to pray for Success to his Majesty's Arms in general, and in particular to the Troops from this *Province* and *Georgia*, under the Command of General *Oglethorpe* in the Siege of St. *Augustine* in *Florida*. And

On Saturday last, we received the agreeable News that the General with the Troops of *Georgia* and *Carolina* had reduced the *Fort* St. *Diego*, and had reconnoitred the Country within a League of the Gates of St. *Augustine*. *Fort* St. *Diego* is scituate about seven small Leagues from St. *Augustine*, in a fine Country, well watered and abounding with Cattle, which the *Spaniards* had neglected to drive up, and which therefore fell into our Hands: The Fort was garrison'd with 48 private Men, commanded by two Serjeants, and are part of the Troops that were in the Service at *Oran*: There were two large and Eleven smaller Pieces of Cannon mounted in the Fort; and altho' they kept a brisk Fire, from the Fort, all the Night, they the next Morning, on a Summons from the General, surrendered Prisoners of War; and which is most surprising, before they had lost one single Man, and without allowing Time for Relief to come in to their Assistance from St. *Augustine*. This precipitate Surrender must certainly be owing to a *Pannick* which strikes the *Spaniards* on the Sight of the *English* Troops; or ought I not rather attribute it to the human and generous Treatment which all the Prisoners find who have hitherto fallen into the Power of the *English*.

This Place is esteem'd to be of great Importance in the present War, as it will afford our Troops a constant Supply of fresh Provisions, and a safe Reception for those Men that may happen in the Siege to be sick or wounded; and the Success attending this first attempt by Land after the Encampment of our Troops on the *Florida Shore*, may we hope be looked upon as a happy Prelude, to the Reduction of St. *Augustine* itself. Thus much is certain, that the *Spaniards* have now lost above 100 of their best Men, which is a great Loss out of a Garrison of about 700 Men. For another signal Service was performed by Capt. *Peter Warren* in his Majesty's Ship the Squirrel, in taking the two Sloops commanded by *Don Domingo de la Croix*, bound from St. *Augustine* to the *Havannah* and Cape St. *Francois* for a Supply of Provisions, one of which Capt. *Warren* ran on Shore and entirely destroy'd, and the other, in which *Don Domingo* commanded, he took with about 50 Men, and which were some of their best. All Circumstances seem to conspire to deliver them into our Hands. Therefore, *Te Deum Laudamus.*

We hear from the Camp before St. *Augustine*, that Capt. *Malachy Glaze*, Captain of one of the Companies of Volunteers, lately died there of the Flux.

Tuesday last one of our Pilot Boats met the Sloop Savannah, which had then been 8 Days on her Voyage from Lewestown in Pennsylvania for Georgia, with the Rev. Mr. Whitefield on Board, having preach'd 68 times (being about 40 Days on shore) in the Provinces of Pennsylvania, New-York, and New-Jerseys. He had a fair Wind, and 'tis thought might next day be at Georgia.

## LONDON, April 5.

*Extract of a Letter from Port Mahon. March* 18. N. S.

The 10th Inſtant Admiral Haddock's Squadron arrived here from Gibraltar, and a few Days after four Ships of it put to Sea again in order to cruize about the Iſland of Majorca. We are in a manner Eye-Witneſſes of the Spaniards Preparations to beſiege us. The Place is in a Condition to hold out a long Time; the Fleet will ſecure the Port from being attacked; and as to the Land-ſide, we are pretty well cover'd by the Forts. Our Garriſon conſiſts of 3000 Men, and has but very few ſick in it. As to Deſertion, we have no ſuch thing among us; on the contrary, ſome of the Enemies frequently deſert, and bring us Information of what they are doing. They aſſure us that as yet the Spaniards have not aſſembled in Majorca half the Troops they deſign for that Iſland.

They write from Conſtantinople of the 28th of Feb. that an Expreſs is arrived there from Egypt with the News of an Inſurrection at Grand Cairo, and that every thing ſeemed to portend a General Revolution in that Country.

Letters from Francfort aſſure us, that ſome of the Emperor's and Empire's Troops are marching to reinforce the Garriſon of Metz.

From Hamburgh we hear, that the Peaſants of Daniſh Holſtein are up in arms; and that the Court of Copenhagen has ſent ſome Troops, with Cannon, to bring them to Reaſon. The Occaſion of their Revolt is not yet known.

The Dutch Ambaſſador Vander Meer going to Court t'other Day, to congratulate the Infant Don Philip the Great Admiral of the Spaniſh Monarchy, on his Recovery from the Small-pox, he took that Opportunity to ſpeak to him concerning the late Memorials which he had given in, relating to the Right aſſumed by the Spaniſh Privateers to ſtop and viſit Dutch Ships upon the ſlighteſt Pretexts. The Infante inquir'd very minutely into the Matter of Complaint, order'd his Memorials to be laid before him, and aſſur'd the Ambaſſador that he would carefully examine them, and that he ſhould have a ſpeedy Anſwer. He added alſo, 'As often as your Excellency has any Remonſtrance to offer in the Province of the Marine Affairs, you may depend on it that I will take Care to diſpatch you as ſoon as poſſible.' This is not the only Inſtance of Don Philip's Care and Application to Buſineſs, ſince he was veſted with the Office of Grand Admiral.

*Paris, April* 18. On the 15th an Expreſs arriv'd at Verſailles from Madrid; ſince which it has been reported, that the Spaniſh Ships equipp'd at Cadiz took Advantage of Admiral Haddock's Departure, and ſail'd from thence to the Weſt Indies, as is given out. 'Tis alſo ſaid, that the Men of War in ſeveral Ports of Gallicia, have taken in ſome Land Forces, and are put to Sea. And that according to other Advices, there never was ſo great a Number of Privateers as at preſent, his Catholick Majeſty refuſing no Letters of Marque to any who ask for them, to cruize againſt the Engliſh.

*Hague, April* 24. All the Provinces of the Republick have at length conſented to the propos'd Augmentation of the Forces both by Sea and Land.

## *NEW-YORK, June* 13.

On Thurſday Night laſt arrived here Capt. Gill from London, but laſt from Portſmouth, who brings with him 16 Lieutenants for the Expedition of the Spaniſh Weſt-Indies, 3000 Fire Arms, Powder, Tents and other Stores; there are 16 Lieutenants on Board of the Man of War who came from Portſmouth, with whom he parted on Sunday Morning laſt; the Man of War has on Board Col. *Blakeney*, and ſome Majors and Adjutants for the ſaid Expedition.

There are 3000 Men to be raiſed in America, which are to form 30 Companies of 100 Men each; the Captains, 2d Lieutenants and Enſigns of which, are to be appointed by the Governors of the ſeveral Provinces in America, in which they are rais'd; the General Rendezvous is appointed by his Majeſty to be on Hempſtead Plains on Long-Iſland, where they are to encamp.

10,000 Men are encamped on the Iſle of Wight, waiting for their Orders to embark, when they are to proceed for this Place, and encamp with the Americans on ſaid Plains.

The Report of the French Squadron being ſailed, is without Foundation; the French taking Care not to give too great Umbrage to the Engliſh, and it is thought will continue Neuter till next Spring.

Commodore *Leſtock* was to ſail with all Expedition with 5 Sail of the Line to reinforce Admiral Vernon.

Admiral Balchen was ſail'd, but whereto is only variouſly ſurmiz'd; the Expedition being kept ſecret.

And on Friday Night laſt arrived here the Catharine, Jaſper Farmar, from London, who brings us an Account that eight Spaniſh Men of War were ſail'd from Cadiz, and and that 5 more, with an Admiral on Board, were ſailed from--- to join the ſaid Squadron. The Admiral's Ship, being a Ship of 76 Guns, having loſt her Main-Top-Maſt, the Admiral left her, and they parted from the other four; and ſoon after ſhe was encountered in the Bay of Biſcay, by my Lord Auguſtus Fitzroy in a 70 Gun Ship, Capt. Durell and Capt. Maine in two other of his Majeſty's Ships. When the Spaniards perceived they were Engliſh Men of War, he hoiſted French Colours; on which Capt. Durell went up to to ſpeak with him; but the Spaniard hoiſting his own Colours, received him with a Broad-ſide. which laid Durell on a Careen to ſtop her Leaks. But Lord Auguſtus coming up, engag'd him; when after an obſtinate Reſiſtance, having loſt all her Maſts, the Spaniard ſtruck to him. She was a new Ship, and bigger than any of our 80 Gun Ships, had 700 Men on board, and being very lofty, and a large Sea, ſhe could fire her lower Tire of Guns, which Lord Auguſtus could not. The Admiral had parted from her but 3 Days before. When they found they ſhould be taken, the Lieut. who was an Iriſhman, got two of the Upper-Deck Guns, and was going to fire them down in the Hold, in order to ſink her; but a Cannon Ball taking off his Head, prevented his miſchievous Deſign. This was the Ship Capt. Rhimes ſaw 3 Men of War carrying in.

Capt. Farmer was chas'd in the Channel, by two Spaniſh Ships, for ten Hours, but going well he got clear from them.

And on Saturday Evening laſt, arrived here His Majeſty's Ship the Ludlow Caſtle, Capt. Cuzock, with Col. *Blakeney*; who was received by his Honour the Governor in his Coach. He has brought about *Two Hundred Thouſand Pounds Sterling*, to pay the Voluntiers that ſhall inliſt themſelves to go on the Expedition, and other Uſes. And we alſo hear, that ſaid Voluntiers are to receive *Three Months Pay* before they embark.

The ſame Evening likewiſe arrived here, the Ship King George, Capt. Allen, in about 6 Weeks from London; who ſays, that in the Channel he met with four Men of War of the Line, bringing in another 70 Gun Spaniſh Ship (beſides the abovementioned) which they had taken but two Days before; they had met with four Spaniſh Ships whom they engaged and had almoſt taken; but the Night favouring, three got off.

And the ſame Night arrived here the Brigt. Rebecca, Capt. Woodford from Lisbon, who brings an Account, that the Spaniſh Fleet was put into Ferrol. And that the Siege of Porto Mahon was look'd on as a Feint to draw off Admiral Haddock from before Cadiz.

Friday laſt was committed to our Goal, a Sailor, who came over Cook to Capt Gill, for having in his Poſſeſſion ſeveral falſe and counterfeit New-Caſtle Bills, to the Value of about 1000 *l.* They were conceal'd in his Cheſt, which had

a

a falſe Bottom. The Magiſtrates of this Place had received Advice of the Intention; and as ſoon as the Ships came in, the Cheſts were all ſearch'd, and the Money found as above, before the Man had endeavoured to paſs any off; but the Bills, we hear, were not ſigned.

And on Sunday Evening arrived the Brigt. William, Charles Cornwell from Ireland, by whom we have Advice, that a Man of War belonging to Admiral Haddock's Squadron had fallen in with a large Spaniſh Ship, having on board four Companies of Spaniſh Soldiers, bound from Barcelona to the Iſland of Majorca, and after a very little Reſiſtance had taken her, and carried her into Minorca. 'Tis ſaid theſe Troops were Part of thoſe deſigned to make a Deſcent on the laſt mentioned Iſland.

*PHILADELPHIA.*

We hear from *South-Carolina*, that a new Negro Plot is juſt diſcovered there, but two Days before it was to have been put in Execution.

We hear from St. *Georges* in *New-Caſtle* County, that on the 7th Inſtant, *Joſeph Gregory* late of Salem in *Weſt-Jerſey*, riding hard in a narrow Lane, his Horſe ran againſt a Cow that ſtood in the Road, by which Accident he was unfortunately thrown to the Ground, and died in a few Hours.

From *Upper-Dublin* in this County we hear, that on *Tueſday* laſt, *Chriſtian Cooley*, a young Woman, went to a Neighbour's Houſe, and ſitting down in a Chair, leaned with her Arm & Head on a Table, and died in a few Minutes, to the great ſurprize of the Family. She had complained of a Pain in her Head ſome Days before.
